

# WHICH BIN DO I USE?

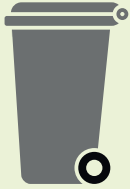

All items should be placed loose inside the blue bin and green box.

Textiles should be presented, on recycling week, next to your bin or box in a tied clear or translucent bag so that crews can easily identify contents.

Visit: [www.southribble.gov.uk/waste](http://www.southribble.gov.uk/waste) to find out when your bins will be collected and order replacements if your bin or container is damaged, lost or stolen.
